WORKBOOK 2021

PRICELIST
2021

***THIS IS
HOW WE BALL***

United Sports Brands Europe is a collection of unique brands - McDavid, Shock Doctor, NATHAN and KT Tape - all dedicated to providing athletes best-in-class sports performance and protective products. United Sports Brands is the #1 choice for athletes around the world who demand performance and protection. Our goal is to develop innovative products that will exceed the expectations of our athletes and customers. Browse through this workbook to learn more.

This McDavid Workbook 2021 can be used to present the whole product range of McDavid and to place an order of the products selected at the same time.

THE ICONS

Our McDavid products meet the needs of different groups of customers and a variety of sports. The whole product range of McDavid appeals different needs but somehow, it's complicated to understand which product is the right choice. The icons will guide you through the product range and support you with the product segmentation. Each icon indicates a specific sport or activation that is supported by a McDavid product/technology. Please consider the icons as an advice to make your selection.

THE COLOURS

Discover our range of McDavid colors. Most of our products are kept in the classical colors black and white, but there are a few unique colors. The colors displayed should be used as an overview for your selection.

How to scan a QR code on an iPhone

Step 1: Open up the camera app.

Apple's iPhones have built-in QR code scanning capabilities, so there's no need to download a separate scanning app unless you really want to.

Step 2: Position your phone so the QR code appears in the digital viewfinder.

The camera app should automatically recognize the QR code. Of course, the right distance and angle can help. The QR code doesn't need to fill the entire screen, but all four corners should be visible. If your camera is too angled, the app may have trouble recognizing the code, so a straight-on approach is best. Try to avoid moving too much so the code square stays visible.

Step 3: Launch the code.

Your iPhone will not automatically initiate the QR code activity. Instead, a notification bar will pop up at the top of the screen, showing that the QR has been understood. Tap on the notification bar to launch the code activity.

How to scan a QR code on an Android phone

Step 1: Check to see if your Android phone supports QR code scanning.

Not all Android phones come with this ability yet, so you may have to take some extra steps before scanning. **You may need to add an app.** We suggest Google Lens or downloading the QR Code Reader, which is a simple and highly effective option

Step 2: Open your scanning app.

This app should have a "scanning" function you can choose immediately, or will open directly onto a scanning window via the camera.

Step 3: Position the QR code.

Remember, the code's corners should be fully visible in the scanning window, and the camera should be more or less directly above the code for it to work. Hold the phone steady while it identifies the code.

Step 4: Choose the correct option.

The app should then provide a pop-up option to take an action based on the QR code.

When viewing this file on a desktop, **click on the QR-code** to view the product directly in your internet browser

PRICES

Our price lists are not special offers and are rather net and without any discounts. They can be changed without prior notice.

SPECIAL OFFERS

Our offers are without obligation and subject to sale. The special offers and sales of agents, representatives, or any other inter-mediary are only valid if they have been agreed to in writing by our firm. The prices of our goods are always according to the rates which are valid on the day of delivery, irrespective of the date the order was recorded. Any change of an economic, social or fiscal nature in the conditions of the offer could result in a review of our prices.

PAYMENT

All invoices are payable within 30 days of the date of the invoice, unless agreed otherwise in writing and by mutual consent and confirmed by means of the signature of both parties. All payments must be made with the bank account number stated on the invoice and in the manner stated on the invoice. Claims cannot result in a postponement of payment, and the existence of a dispute will only result in the payment being qualified. Any outstanding invoice will legally accrue interest of 1% per month from the due date, without any notice of default being necessary. This surcharge applies from the date payment is due up to the date that payment is made in full. A part of a month will be calculated as a whole month. The customer will be charged all the costs incurred in the recovery of the payment, both legal and extra-legal. The latter is set at 10% of the unpaid sum, with a minimum of € 250.00, without prejudice to the right of UNITED SPORTS BRANDS EUROPE to claim the actual costs. Any claims concerning

invoicing must be reported to UNITED SPORTS BRANDS EUROPE by means of a registered letter at the very latest within fourteen (14) calendar days of the date of invoicing. If no communication has been received within this period, the customer will be understood to have accepted the information on the invoice as being correct.

RESERVATION OF TITLE

The goods sold will remain the property of UNITED SPORTS BRANDS EUROPE until the customer has paid the full purchase price plus any interest on delayed payment and increased charges (including transport costs). Nevertheless, the customer shall assume the risk.

DISPATCH-DELIVERIES

Unless there are special instructions from the customer, we will select the method of dispatch individually for each delivery. The goods will be transported at the cost and responsibility of the addressee, even if we dispatch them carriage paid and irrespective of the means of transport or mode of delivery used. On receipt, the customer must satisfy himself regarding the packages and communicate any complaints to the transport company within the period legally stipulated. The customer must provide evidence of any deficiency or damage. We will observe the stated delivery date to the best of our ability, but we may not be held liable for any delay, nor may a delay be considered grounds for cancelling the order, claiming interest or compensation.

COMPLAINTS - RETURN OF GOODS

In the event that the goods received do not correspond to what is stated on the invoice, the customer must inform us immediately, at the very latest within forty-eight hours of receiving the dispatch list. This list must be included with the complaint of the customer. Any complaint concerning the quality of a product must be accompanied by:

- a) a specimen of the article with the complaint reported,
- b) to the degree that such an instance can be specified, a sample of the product concerned in its original packaging, which carries references for identification purposes. The goods cannot be returned without our prior agreement and must be sent to us carriage paid.

The returned goods must be in perfect condition and carefully packed in their original packaging without any changes to their references. They must keep their label as well as the stamps or brands applied in order to permit their retail sale. Any verbal agreement that is not in agreement with these general terms will only be valid if it has been confirmed by us in writing.

TERMS OF THE CUSTOMER

The mere fact that we have made a delivery results in the unconditional acceptance of these general sales terms and conditions. Any proviso accompanying the order of the customer that conflicts with these general terms and conditions or adds a new factor will not be accepted, and it is not necessary that we inform the customer of this. The same applies to the provision of jurisdiction.
